Jason Citron

Discord Founder & CEO

Discord is a messenger of the new generation, focused on fans of games, but later it became widespread among ordinary users for its convenience and non-standard solutions. There are 450 million users worldwide. Microsoft tried to buy Discord but the deal fell through. Microsoft provides support for Xbox Live users allowing them to link their Discord and Xbox Live accounts. So, they can connect to their friend list. Google and YouTube are also partners and Discord is going to be integrated into PlayStation Network this year.
